Meeting started at 6:20pm
2. Roll Call
Ald. Collins- Present
Ald. Bailey- Present
Ald. Akers- Excused
John Rivera - Present

Mr. Katz- Present
Mr. Laskoski- Present
Mr. Haas- Excused
3. Approval of the June 22, 2021 meeting minutes
Ald. Collins noted a revision for Item #15, second vote for adjournment was Ald. Pam Akers. Motion by Alderperson Denise Collins, seconded by Alderperson Bailey to approve the June 22, 2021 meeting minutes. Motion carried unanimously.
4. Citizen Commentary
None
5. Presentation on new Geographic Information System (GIS) Public Maps.
Mr. Katz presented a new garbage information link on the City of Greenfield website that takes residents to a GIS map where they can enter their home address and see what days their specific garbage and recycling will be picked up. This garbage map was created to provide residents with a user-friendly way to access their pick-up schedule online. Mr. Katz said the new calendars also show the exact pick up date if there is a Holiday delay.
6. Discussion and decision to adopt an ordinance amending Section 8.04 of the Greenfield Municipal Code regarding a parking zone reserved for persons with disabilities at 4627 South 46th Street.
Motion to adopt an ordinance amending Section 8.04 regarding a reserved parking zone for persons with disabilities at 4627 S. 46th Street. by Alderperson Denise Collins, seconded by John Rivera to approve. Motion carried unanimously.
7. Presentation report for the Honey Creek Restoration Project.
Mr. Katz stated that Engineering will begin the Honey Creek Restoration project. Honey Creek runs from 43rd Street and Edgerton and it flows northwest to Loomis Road and thru Konkell Park, past the new car wash and flows into the Menomonee River. There are a few reasons why Honey Creek needs to be restored: it is not concrete-lined, Greenfield has had a lot of issues with flooding due to water flowage, the Creek at Konkell Park has a lot of cattails and invasive weeds and the water cannot

flow. The goal of the project is to improve the water and storm sewer flow and create a place where plants and animals can thrive. This project will also create more park amenities and natural elements in the South area of Konkell Park. Engineering has received four grants so far for this project and we are awaiting two more grants. Mr. Katz said work on this project will begin in 2022.

8. Progress report for the Turf skatepark project

Mr. Katz stated the Turf website gives a background on the story behind Surf-n-Turf in the City of Greenfield on Loomis Road. The building will be a replica of the old building. Mr. Katz presented plans for the Turf and the surrounding area in TIF District #8.

9. Superintendent of Public Works report

Mr. Laskoski stated that the catch basins near Layton Ave & Bottsford Ave has been repaired. DPW has been doing pavement marking East of 60th Street. He also stated the Greenfield Population signage has been updated. Mr. Laskoski said they are preparing for fall tree planting and stated that on August 10th, Public Works assisted 20 locations, some privately owned trees, with the storm and wind damage. DPW has been participating in the National Night Out and assisted in Ethan's Run and many other summer events.

10. Engineering Report

Mr. Katz gave an update on the current Capital Improvement Projects. The concrete project on Cold Spring Rd is complete. Engineering and the City of Milwaukee are working together to complete Phase 2 of the St. Francis reconstruction project. Mr. Katz stated in September the Tree Planting program would begin. The Engineering Department is currently planning for the upcoming 2022 Capital Improvement Projects.

11. Other topics for future agendas

None

12. Adjournment

Motion by Alderperson Denise Collins, seconded by John Rivera to adjourn at 7:20pm. Motion carried unanimously.
